TARGA POSCHIAVO ENGIADINA

09 -11 September 2023

THE TARGA POSCHIAVO & ENGIADINA

A **classic vintage car rally** for pre-war vehicles, especially those built between 1905 and 1926. Younger pre-war cars will be accepted as well.

Under the umbrella of the **International St. Moritz Automobile Week**, this rally thus offers a platform precisely for the "forgotten" vehicles: on the one hand too young for the "**London to Brighton Veteran Car Run**", on the other hand too old for the "**Mille Miglia**". So far, there is no tailor-made, international event of distinction for these model years, although many important collections contain vehicles from this era.

The requirements for pre-war vehicles in the Swiss Alps are demanding, therefore we accept all pre-war model years up to and including 1939, vehicles from 1905 - 1926 are given priority

The organisers of the Targa Poschiavo Engiadina have been successfully staging the **Bernina Gran Turismo** for years - guaranteeing professionalism at the highest level.

Of course, the route is adapted to the participating vehicles of the **Targa Poschiavo Engiadina** - both in terms of route length and demands.

Exclusive evening events in unique locations round off the eventful days in the Engadine and ensure lasting memories.

TARGA POSCHIAVO ENGIADINA

09 -11 September 2023

Our organisation team is supported by Uwe Wiessmath, **"Altmühltal Classic Sprint"**; his roadbooks, which have been tried and tested many times at the highest level, not only make participation a pleasure, they also allow an interested audience to follow the route online. In this way, the best places for upclose observation of the passing cars can be found in advance.

The historic St. Moritz Automobile Week took place in 1929 and 1930 - since then, St. Moritz has been synonymous with the world-famous resort popular with the jet set. On the southern side of the Bernina, the Puschlav welcomes our international participants with warm hospitality and living tradition in harmony with nature.

The exclusivity of our event we will continue to maintain by limiting the number of participating vehicles to 80.

PREFERENTIAL TREATMENT

As an additional highlight, we offer participants of the **Targa Poschiavo Engiadina** preferential treatment for participation in the other events of the **International St. Moritz Automobile Week**. Provided, of course, that they have a suitable vehicle.

BERNINA GRAN TURISMO

This gives you the unique opportunity to secure one of the few starting places for the **Bernina Gran Turismo**.

KILOMÈTRE LANCÉ

Do you own more than one classic car? Feel free to bring a second one. Or a motorbike? Then the **Kilomètre Lancé** is the right place for you!

MOTORSPORT RENDEZVOUS

Or are you more in the mood for an exclusive lifestyle? Then take part with your vehicle in our Classic Car Garden Party **Motorsport Rendezvous**. This event presents a selection of the most extraordinary historic racing cars in the garden of the Kempinski Grand Hotel des Bains.

The **International St. Moritz Automobile Week** really does offer the right event for every classic car or motorbike! Extend the summer season with us and spend a week full of Classic Car highlights in the Engadine, it certainly won't be boring!

We already think the **International St. Moritz Automobile Week** is the crowning glory of the 2023 summer season!

Preferential treatment for participation in all ISAW events. Take advantage of your hotel booking in St. Moritz with the ISAW code.
